All in one concept

Event Lounge is a venue with a trendy and glamorous style, offering you an “all in one” concept package for your events and corporate events: rooms equipped with the most modern audio and video technology, a modular set-up, high-level catering, as well as an experienced and dynamic coordination team.

The originality, modularity and flexibility of Event Lounge allows you to organize a staff party, a product launch, a conference, a seminar, a hybrid event, a lavish gala, an awards ceremony & more.

At Event Lounge, you have **at hand** all the support you need to make your event **unforgettable**.

The **unlimited creativity** of Event Lounge is the reason for its forever growing **success**.

Event Lounge offers an infrastructure of 2500m² of Business & Event possibilities. This unique venue can host events from **40 up to 1150 guests** with his main room of **1250 m² and 11m height**.

Event Lounge is easily accessible and situated not far from **the heart of Brussels & Brussels National Airport**. Event Lounge has a private parking of **150 cars** and parking facilities in the surroundings for **300 cars**.

Event Lounge cares about the environment and limits its CO² emissions wherever possible. In this respect, Event Lounge has signed the "**Green Key, ECO dynamic**" charter and has undertaken a series of steps to limit its ecological footprint.

Starting 13/02/2026, Laser System Europe (LSE) becomes our exclusive technical partner, bringing over 30 years of event-technology expertise. Known for integrating lasers, drones, water and special effects, lighting, and video, LSE has transformed venues worldwide.

Together, we are reinventing our technical infrastructure: a 180° cyclo screen powered by five Barco projectors will deliver fully immersive visuals, while a kinetic ceiling of 12 movable fixtures will reshape the room's volume—adapting seamlessly from open symposium settings to intimate gatherings or dynamic party atmospheres.
